My work is sharp, colorful, and attention grabbing. My work is mostly inspired by Japanese mascot designs combined with elements from Tolkien fantasy, computers, and the paranormal. I work well in both groups and individually.

:Experience:

2 years in Stockton University's Telecommunications Department.

Performed technical support for a commerale network.

Installed and maintained Cisco network switches.

Set up employee workstations (including phone, computer and monitors.)

Graphic design and photography for individual clients

Computer and electronic maintenance

Designed and managed a website (dangroble.net) from 2018 - 2020

:Accomplishments & Education:

Achieved the rank of Eagle Scout in 2016. Project was a community garden at the Cooper Cancer Center in Voorhees, NJ

Budgeted and built an up-to-date personal computer (<$1000)

Artwork displayed at Stockton University's building of Art and Science.

Art has been featured in Stockton University's 2020 BFA online exhibition.

Stockton University's Dean List for Arts and Humanity during multiple semesters.

Graduated from Cherry Hill High School East in 2017.

Anticipated BFA by 2021.

Average GPA: 3.61
