EDUCATION

Thomas Eddison State University, NJ — *B.A. Computer Science*
COMPLETED - GRADUATION MAR 2022

SKILLS

C | C# | C++ | Python | Java | Javascript | Node.js | Angular | R | SQL | MySQL | ASP.NET

PROJECTS

Launch Code, Philadelphia — LiftOff

JAN 2022 - Present

- Liftoff teaches specific essential tech skills that hiring managers require of their programmers in order to mesh well with their team, manage their development cycles, and work within their established processes.

Launch Code, Philadelphia — LC101

JUN 2021 - DEC 2021

- 20-week course trains full-stack web developers over the course of 2 units:
- **Unit 1: JavaScript** - foundational programming concepts and front-end programming in JavaScript, including testing and Angular (a popular JavaScript framework)
- **Unit 2: C#** - job-ready skills to build full-stack web applications using Java (with Spring Boot) or C# (with .NET MVC)

Edmonton Yellow Pages — *Intern Developer*

DEC 2020 - FEB 2021

- Write, analyze, review, and rewrite programs, using workflow charts and diagrams, and applying knowledge of computer capabilities, subject matter, and symbolic logic.
- Consult with managerial, engineering, and technical personnel to clarify program intent, identify problems, and suggest changes.
