Skills

My name is Noah Demi and I'd love to come have an impact at your organization. I'm passionate about software and web development and am currently focusing on my Javascript, css, html, React, Java, C#, Git, and Python skills but I'm excited to code in any language to solve hard problems.

Education

West Chester University of Pennsylvania

Major: Computer Science B.S. | **Minor:** Applied Statistical Analysis | **Certificate:** Computer Security

Expected Graduation: May 2021

Relevant Courses:

Computer Science (Java I, II, and III)
Data Structures and Algorithms
Object Oriented Programming
Cluster Computing

Database Management Systems
Programming Language Concepts
Game Development(Unity/C#)
Digital Image Processing

Experience

IT Edge / Technician (Intern)

October 2017 - May 2019, West Chester, PA

At IT Edge I worked as an intern technician configuring Windows PCs, laptops, and tablets. During this internship I learned how to automate tasks and build relationships with customers.
